

Pet Policy

I believe that children can learn a lot from having contact with animals; however certain procedures must be followed to ensure the safety of the children:

- Children will be encouraged to treat all animals with respect and learn how to handle them correctly.
- Children will wash their hands after any contact with animals and understand the reasoning behind this.
- Children will be taught that not all animals are child friendly and that they should always check with the animal's owner before attempting to stroke or handle them.
- Food for the pet will be stored safely away from the children's reach.
- A high standard of hygiene will be followed, with careful thought given to the placing of the feeding and drink bowls.
- The garden will be checked every morning, before the children are permitted outside to play, to ensure that no animal has fouled it.

Parents consent for the child/children to hold or stroke the rabbit
